Cold Winters Prove Boon To One Marx Bro.

That the winters in heaven are long and cold, is the sincere hope of Harpo Marx. Otherwise, he points out, how can the angels thoroughly enjoy their harps. "A harp isn't at its best in the summertime," he explained while tinkering with his prized \$12,000 instrument at the Paramount New York studio in preparation for a scene in "Animal Crackers," second Marx Brothers' talking photofeature, which will arrive Monday, September 8, for a two-days showing at the Fox Redondo theatre.

Lomita, Harbor City Schools Report High Totals at Opening

A survey of the various schools in the city showed that 2009 boys and girls returned to their scholastic duties on the opening day Tuesday. This figure included the opening enrollment at the High school, Elementary, Fern avenue, Waveria and Carson street schools.

The schools reported the following opening registrations: High school, 577; Elementary, 866; Fern avenue, 128; Waveria, 113 and Carson street, 325. The Elementary school's figure was 43 less than last year's first day of school, but this decrease is expected to be made up with late registrations tomorrow and Monday.

Many of the parents of Keystone children will be interested to learn that Mrs. Margaret Pritchard, a member of the faculty two years ago, has returned to the Carson street school. Mrs. Pritchard succeeds Mrs. Alice Blackstad, who has received the Royal Steward award.

Another change in the Carson street school in Keystone is noted in the appointment of Mrs. Ethel A. Smith to succeed Miss Lulu de Baunont. Other members of the faculty and the grades they teach follow:

Ritter, principal; Miss Margaret Mary Brooks, kindergarten; Mrs. Alice Wright Moses, B1; Miss Margaret Craimer, A1 and A2; Mrs. Lillian Trempey, B2 and A2; Mrs. Fern Reissner, formerly Miss Fern Chambers, B3 and A3; Mrs. Edna A. Another building was moved into the school grounds during the vacation to furnish the school with added room.

At the Lomita Elementary school, Narbonne avenue, the enrollment of 417 will be increased to at least 435 before the end of the month. New teachers here include Miss E. Marion Crittenden, Miss Carrie Irish, Miss Frances E. Carpenter, and Mrs. Jane Macfarlane Rye. Mrs. Myra Lewis Crowell returns as Mrs. Malm, her marriage having occurred during the summer.

CHRISTIAN SCIENCE
"Man" will be the subject of the Lesson-Sermon Sunday in all Christian Science Churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

One of the Scripture citations in the Lesson-Sermon present Paul's words: "Now I say, That the heir, as long as he is a child, differeth nothing from a servant, though he be lord of all; but is under tutors and governors until the time appointed of the father. Even so we, when we were children, were in bondage under the elements of the world; but when the fulness of the time was come, God sent forth his Son, made of a woman, made under the law, to redeem them that were under the law, that we might receive the adoption of sons. And because ye are sons, God hath sent forth the Spirit of his Son into your hearts, crying, Abba, Father. Wherefore thou art no more a servant, but a son; and if a son, then an heir of God through Christ."

A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, contains the following statement: "God is the creator of man, and the divine Principle of man remaining perfect, the divine idea of reflection, man, remains perfect. Man in the expression of God's being."
